

CRANDIC 9/10 April 25th, 2011

Another cold, wet night and yet we had PRs from start to finish and even some standard of excellence performances in the Shot, 3000 and 800. I think the highlight was watching us compete so well in a driving rain with girls running their 3rd or 4th event of the night in the 4x4 and featuring two PR performances in the process. That is the kind of effort we are looking for girls! Great job!
